Product Details

Pricing for each product starts with the main package plus add-on plans. They include a one time setup fee, and a monthly service fee. If we develop a more robust package that can be done by an individual company's request, based on the requirements needed.

Drive clients to Facebook Messenger

We can build prospective customers from users' interaction with your facebook page. The Cloned Agent will you re-engage customers and market your products!

Starting Price for basic Package

Set up fee \$995 USD and up

Monthly maintenance \$50 USD and up

Lead Generation

Our cloned agent can get the information needed, and keep them engaged through the process. Just like you the agent, the cloned agent, can remind and walk a customer through the process and can be completed right in messenger. The information is forwarded to you so you can follow up.

Starting Price for basic Package

Set up fee \$995 USD and up

Monthly maintenance \$50 USD and up

Advertising Campaigns

We help develop the right target market. We can also advise you how to market your business virally so you can get some free advertising and build your traffic.

Price for addon Package

Must include one of the basic Plans above

Set up fee \$250 USD and up

Monthly maintenance includes basic plan plus any added \$50 USD and up

Addon product Segmentation and re-marketing campaigns

We help segment your best customers and remarket to them. We also help identify new customers with like attributes. Implement some viral techniques so you can get some free advertising and build your traffic.

Price for addon Package

Must include one of the basic Plans above

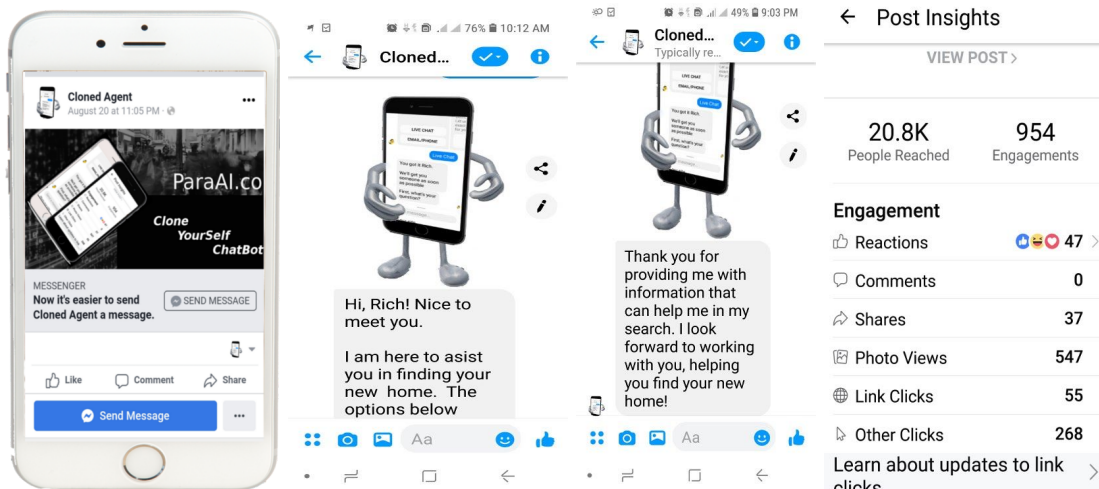

Set up fee \$250 USD and up

Monthly maintenance includes basic plan plus any added \$50 USD and up

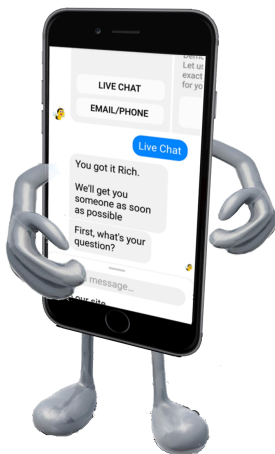

Chatbot for your website

Free code to have your webmaster install on your website. Included with any package. To integrate all of your store fronts we provide you with the ability to put your automated assistant on your website.

Personal Shopper Screen Shot

Here is a sample of a cloned agent. The cloned agent can take clients through a virtual tour. If there is a question the cloned agent can not answer, then you can chat with a person. The Cloned agent guides clients through the qualification process and home search questionnaire. The last sample shows the statistics from a post on Facebook. We help you set it up, and connect to your business page on Facebook.
